

SECRETARY GENERAL'S MESSAGE- JAIDEN FLORES

Happy second week of fall semester! My name is Jaiden Flores and I am this year's Secretary General. I joined Model United Nations at CSUB my second year as a Political Science major. In this club, I have met some of my closest friends, honed my debate skills, learned more about global politics, and had the opportunity to travel and compete against other universities.

I encourage any student who is interested to attend at least one meeting this semester, you won't regret it!

ARTICLE OF THE WEEK

COMMUNITY ORGANIZATIONS

DISCUSS EFFORTS TO FIGHT DATA CENTERS

This article outlines a recent community movement regarding the proposed data centers in Kern County. An interesting read about the impacts of generative AI on the environment, communities, and local politics.
